"In order to grow educationally, socially, and emotionally, students need to be an environment in which there is a concerned teacher who will set firm, consistant, positive limits while providing warmth and support for their appropriate behavior. Students need to know what response there will be to their behavior by the teacher—both positive and negative. It is only then that the student will be in the position to choose how he will behave."

Cafeteria Staff

Mrs. Myers, Mrs. Balzano, Mrs. Ensenat, Mrs. Wynne, Mrs. Myrick, Mrs. Darcangelo. Absent: Ms. Bunal, Mrs. Mosca, Mrs. Winfrey and Mrs. Bertrone.

Our lunch program is a reflection of a caring cafeteria staff. They go out of their way to accomodate students, faculty, administration, and community members. Besides the standard lunch served to all area public schools, Mrs. Bertrone expanded the selection to cold platters, box lunches, and numerous snacks. They also serve dinners at Colgate Seminar meetings and sport banquets and provide refreshments at various meetings and conferences.

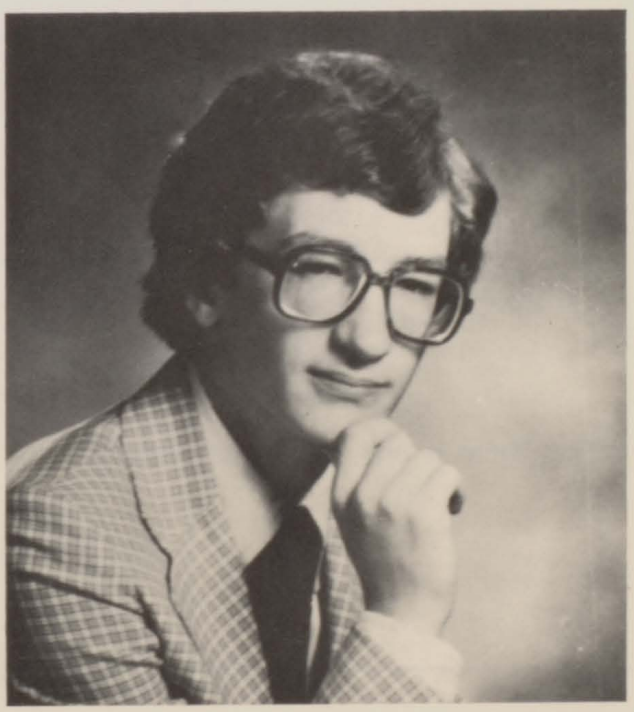
VALEDICTORIAN

MERI-PAIGE GERLING

Meri-Paige Gerling, the Valedictorian of the class of 1981, had the high average of 97.81. She was a member and former secretary of the RFA American Field Service Club, member of the National Honor Society, Colgate Seminar, Debate Team, Knight Times Newspaper, and Bureau of School Information.

In addition, Meri-Paige is a pianist, and member of the Handbell Choir and Senior Choir of the First United Methodist Church. She was RFA's only finalist in the National Merit Scholarship competition and the only area winner of the scholarship. She will receive a corporate-sponsored four year scholarship from Metropolitan Life Foundation and she's a recipient of a Regents Scholarship. Meri-Paige plans to study pre-law at Georgetown University.



SALUTATORIAN

JOEL MC GARVEY

Joel McGarvey, the Salutatorian of the class of 1981, had an academic average of 96.79. He has been a member of the RFA National Honor Society and he's a former trombonist of the RFA band. In addition to his school activities, he is also a member of Youth for Christ Club and Living Hope Singers. Joel is a recipient of a Regents Scholarship and he plans to major in Missions at Nyack College.

How Do You Spell Relief?
Juniors

After one long, painful year of sophomoritis, it's a relief to be a junior. You're able to do so many more things than sophomores. You're exposed to more exciting events, such as:

* a class ring

* chemistry lab

* quadratic formula

* drivers license

* MacBeth

* Junior prom

* talent show

* Albert Krup

* Junior class float

Juniors, if you don't find these events exciting, there is one consolation; next year you'll be seniors.

Sophomores . . .

can you remember those first dreaded days at RFA? Upon your arrival you savagely fought through the crowds. You read the grafitti that the administration pasted on the windows; an introduction to our world of computers. They restricted you to your permanent residence for the entire year. Remember creeping through the halls like a trained rat; seeking that one homeroom that would bring security to your day? After finding your homeroom, instead of a piece of cheese for a reward, you got your very own cell that would greet you every morning for the rest of the year. You searched for a fellow inmate. During this search, your new teacher, guard, or slave driver, entered the room with a stack of papers so high that you could barely see this new face. The teacher proceeded to herd all the new bodies into their assigned places. Then the show began . . . Reams of papers, rules, and regulations were thrown at you. You signed your name so many times that you found yourself writing it in your sleep. It was worth it because if you followed all the rules, you received the one paper that governed your sophomore year—your schedule. How long did it take before you received the right schedule? Did you really use the school map hidden in that pile of papers you were handed? Do you remember looking for the bridge that connects the two third floors? Were you offered the chance to buy one of the few elevator passes in existence? How about that maddening search for your clean, shiny locker, only to find out that it actully has no door, or that it doesn't even exist? Finally it's time to go home. You frantically run out the doors, hoping that the first day was only a bad dream.

WHAT IS COLGATE SEMINAR ALL ABOUT?

Since 1958, Colgate Seminar has provided select students at RFA with the opportunity to learn in a college atmosphere. Based primarily on previous SAT scores, fifty seniors are selected to attend the twelve seminars on four topics of their choice. Professors from Colgate University teach each seminar, which often involves active discussions and work in small groups. Two one-hour sessions are divided by a leisurely dinner, which is free of cost. As an added feeling for college life, one seminar is usually held at the campus of Colgate University.

NATIONAL HONOR SOCIETY

The National Honor Society is composed of a group of students selected by their academic average and leadership qualities. This year's Honor Society worked as a unified group for the purpose of a trip to Montreal. Under the leadership of Mr. Ruby, with the aid of the officers, and with much co-operation from the students this trip was made possible.

Debate Team

The Debate Team has been in existance here at RFA for two years, under the guidance of Lt. George Bernhardt from GAFB. The team has eight members and discusses many various topics. They participate in speaking events, dealing with humor, drama, and other extemporaneous subjects. The team has traveled to Albany and hopes to participate in the State Championships and possibly the New York City Nationals. Lt. Bernhardt says, "If you can or want to learn to speak and think effectively, then join up."

BLACK HISTORY CLUB

The Black History Club at RFA has existed for several years and works closely with one of the parent clubs at Mohawk Valley Community College, under the leadership of Brad Hawkins.

This organization, with the help of Mr. West, continues to search out information about famous black people in history and also in the present. The members are interested in learning about their heritage and the lifestyles of their ancestors. The club has taken part in the Adopt-a-Hall policy that exists here at RFA.

SECK

Seck—Students Exploring Career Knowledge—is a club designed to familiarize students with the millions of career opportunuties at the local and international levels. The club members are able to fulfill these goals by talking to business people in the community at their place of business, and at school when they come to visit. Seck has also brought career opportunities to the entire student body through its "Career Fair." During the course of an afternoon, many business people talk to students about the many career opportunities that are available to them.

LEADERSHIP CLUB

The Leadership Club is a recently formed organization whose purpose is to establish better communications between deaf and hearing students. This is accomplished through joint social activities sponsored by our club. We have weekly sign language classes at N.Y.S.S.D., and we hold club meetings every Wednesday after school. We also hope to initiate an exchange program with the School for the Deaf.

WHAT?! NO YEARBOOK? The RFA yearbook had some rather unique problems to face this year—mainly, how do you produce a yearbook without any advisors, few experienced workers, little guidance, countless technical problems, and the coffee-break task of having to come up with enough photos, writing, and layout for 208 pages.

The task was tremendous. Even the yearbook room was lost due to renovation. The suggested answer was simple—There will not be a yearbook this year.

Late in November, a week before the 1st deadline, two faculty members offered to help. Months later Mr. Migliori, Miss Cianca, and hard working staff, and an RFA graduate managed to produce this book. **The following members do not appear in the photographs: Lynn Chamberlin, Felicia Riolo, Lori Esposito, and Carla Pomilio.**

AMATEUR RADIO CLUB

RFA's Amateur Radio Club, under the guidance of Dr. Rice, continues to explore and keep the lines of communication open between Rome and many foreign countries. They have been in contact with such places as Finland, Sweden, and Canada. Several club members already have obtained their operating licenses, and others are working at achieving theirs. The club uses Morse Code to communicate with people. During interviews with club members, the general consenus of opinion is that "it is a fun way of learning."

The Media Club works in accordance with the Library under the guidance of Mr. Galin. This group of technically inclined students are responsible for the delivering of equipment throughout the school.

SKI CLUB

Ski Club exists for the enthusiastic people waiting for the first arrival of snow. The ones who are adventurous enough to be the first to blaze a trail down a mountain side, or those who simply enjoy winter in all its beauty.

Once a year the Ski Club has a special trip to a ski resort. This year's trip will take the skiers to Killington, Vermont. Their advisor is Mr. Jacobowitz.

PITS CLUB

The Packers in Training Team specializes in outdoor recreation. They are active in the winter, spring, fall, and yes, even during the summer vacation. You can find this group canoeing the wilderness lakes of the Adirondacks, making a winter assault on a major mountain at sub-zero temperatures, cross-country skiing or snowshoeing through pristine forests, or on a mountaineering expedition in the Rocky Mountains for a month. They do it all. Participation is limited only by their stamina and their equipment. It's hard work, but the effort is well worth it.

SCIENCE CLUB

The Science Club is for those people interested in working on mechanical, electrical, solar, biological, and chemical projects. They are the people who always ask "why." The club visits several colleges and plants that are science oriented, and holds business meetings to determine the upcoming events. The club has adopted-a-hall which they cleaned and painted. They had an overnight trip to Brooklyn Labs in Long Island, and also made a short visit to Metropolitan Museum of Natural History. Their goal is to enjoy science and to improve their lifestyles.

The Interact Club

The Interact Club is a community service organization. Each year the members organize and partake in the Haunted House. The proceeds go to the United Way. During the Christmas holidays, members go caroling at area nursing homes. Springtime brings members on a trip to New York City to enjoy a Broadway show, dinner, and a tour of the Big Apple.

AFS
American Field Service

Have you met this year's foreign exchange students? Have you ever thought of going to school in another state or country? That's what AFS is all about—meeting students from all around the world and sharing experiences with them.

At our meetings, supervised by Ms. Dimarco, we organize fund-raising activities such as our annual Ski Sale and Fashion Show. We also raise money for our club through bake sales and by working in the concession stand during the football games.

Every year we have an AFS weekend. We invite area foreign exchange students to spend a weekend in Rome. They attend school with us, and we all join in on planned weekend activities such as parties, dinners, skating, etc.

There is also a short-term exchange program where some of us spend a week in a different city. We attend school with our host students and participate in activities they plan for us. Later, they repay our visit by spending a week with us.

AFS EXCHANGE STUDENTS

I'm Pablo E. Otoys from Cali-Colombia, South America. I was a member of the soccer and swim team. I met my first Roman friends playing these sports. They helped me alot and made me feel at home. In Colombia, students have to take courses chosen by the school, not by the students. Students do not change classes, the teachers do. School atheletes do not play seasonally. They play one sport throughout the year. In my country, we practice twice a week and play our games on weekends. RFA has given me a marvelous experience; one I will never forget.

Oi, tudo bem? My name is Lydia Kan and I've just returned from a year in Brazil as an AFS student. Brazil is a country of extreme contrasts—a land of fabulously developed industrial centers, such as Sao Paulo of Rio de Janero, and completely uncivilized areas, such as the Amazon Basin and the Northeast part of the country which consists of miles of beautiful beaches. AFS is an experience of a lifetime.

Hello! I'm Michel Faltz, from Luxembourg, a very tiny country situated in Western Europe. At RFA I participated in several school sports. In the winter I played soccer; in the fall I did swimming, and I played chess all year round. I enjoyed this very much. Back in Luxembourg we don't play sports for the school, but for the towns. We can't play so many sports a year either. We only play one sport a year. I had a good time here, and I made a lot of friends while playing these sports for RFA.

International Club

The International Club is made up of foreign language students who wish to expand their knowledge of the cultures of foreign countries. The advisor of the club is Mr. Seckner.

The big event of the year is the International Buffet Dinner in March. All language students are invited to participate and to prepare a food speciality of their language country. Entertainment is provided by each language group. The dinner has proven to be successful and exciting.

The club's activities during the school year have centered around fund-raising activities such as a car wash, the selling of flowers, and an ice-cream social. The money earned will be used for a trip to New York City in the Spring to see a Broadway play.

Connie Dorn, Carol Pallas, Dawn Perry, Marianne Shepard, Tina Cidzik, Reyne Nasto, Theras Hopkins, Larry Tarazano, Ann Reader, Katrina Schaller, Luann D'Amore, Francis White, and Jean Welker.

KEY CLUB

During an interview with club president Karen Flanders, the De-o-wain-sta has come up with some information about the Key Club.

The club is a community service organization that is sponsored by the Kiwanis Club of Rome. The club is designed to aid groups in the city. Annually, this club has put together a Pancake Dinner at the Moose Club, and has recently organized a Wheel-a-Thon at the Stonehedge Nursing Home.

Bookstore

The RFA Bookstore provides a valuable service for students and teachers every year. Managed by Mr. Haunfelner, the Bookstore orders textbooks for all the departments at RFA. The store sells paperbacks, review books, and novels for the English department. For those students who are constantly misplacing or losing their pens and pencils, the store is always well-stocked with these and other sundry items. There is no pre-requisite needed to work in the Bookstore, only a knowledge of small business management and mathematics. The workers in the bookstore are: Kerry Dolan, Peter Urtz, Mike Haunfelner, and John Pratt.

Knight Spot

The Knight Spot has been described by State Education Department Directors as one of the finest school store laboratories in the state. This unique approach in teaching the concepts of Marketing was initiated by the Business Department in 1978. Students enrolled in the Marketing Curriculum are now offered the opportunity to put theory into practice. The basic concepts are studied in Marketing I, and then applied during the Advanced Marketing year through the use of the Knight Spot store laboratory. The Knight Spot managers and advisors are Mr. D'Antonio and Mr. Kenny.

STASS

This year the Student Association is responsible for providing funds for various activities and for encouraging school spirit. These were accomplished by events such as Homecoming Weekend; during which a semi-formal was held, Spirit Week, and the Adopt-A-Hall policy, which allowed the students to show school spirit by painting walls and by cleaning the school.

BLOCK R

RFA's Block "R" Club, advised by Coaches Demers and Bruce, is a group of selected athletes. The students are chosen by their respective coaches for their athletic ability and character. Membership pre-requisite is a letter in at least one sport. RFA letters are awarded to athletes that display outstanding qualities such as leadership, team spirit, and involvement in school activities. At the end of the year, the club holds a banquet for it's members at a restaurant in Rome.

MARCHING BAND

"BAND MARKTIME, MARCH!" is a familiar sound heard by the Marching Knights at all practices and all games, thanks to drum major John Doucette.

All band members' nerves are on edge. The performance is about to start, and they wonder if all will go well. "Drum Beat, Marktime, Forward March." The band proudly marches onto the field and executes another great performance.

The 1980-81 Rome Free Academy Marching Band, flag twirlers, majorettes, and colorguard have once again made the football season a huge success. The season would not have been possible if the band was not under the excellent direction of Mr. Herbert Geller. Mr. Geller and the RFA Marching Band were honored in November of 1980 with the Optimist Award.

Mr. Geller has also directed the band in events other than the usual pre-game and half-time performances. On October 24th 1980, the Friday of Homecoming Weekend, he led the band in a parade downtown where the Marching Knights put on a concert for the public. The floats, homecoming queen candidates, and Mayor Eilenberg also participated in the parade. Band members enjoyed giving the performance, but it was the crowd who really appreciated it.

The highlight of the season was the performance put on at the Carrier Dome on November 15, 1980 when "Rome went to the Dome." Here, the band performed before their largest crowd ever, including television cameras. This particular half-time show will surely remain a special memory in the hearts and minds of the band, as well as the audience.

WIND ENSEMBLE

The Wind Ensemble is a performing group made up of forty talented instrumentalists, selected for their musical merit and ability. The Ensemble, under the leadership of Mr. Herbert Geller, performs at concerts throughout the year and has earned a reputation for its excellence. These musicians also perform at Franklin Field during the summer accompanied by the alumni members. Once a year the Ensemble raises money to take a trip to study music.

CHORUS

The Rome Free Academy Chorus, under the direction of Mr. Rocco Vacca, has given many concerts throughout this year. The Chorus has also gone to Stonehedge Nursing Home, Bethany House, Denti School, and has performed on WKTV in Utica for a Christmas special. Selected students also attend Area All-State and NYSSMA conferences. Other selected students form small ensembles.

The chorus is divided into six parts: soprano 1, soprano 2, alto 1, alto 2, tenor and bass. These parts combine to bring beautiful music to one's ears. The chorus sings many selections, some of which are very popular, and others more on the classical side. Anyone is eligible to join. It is a full year, full credit course. Come and listen sometime.

TEACHER PROFILE

After 540 days of school and teachers, you'd think you knew everything about them. Here are a few facts you may not have known. (These statistics were based on the completed survey forms compiled during February.)

Males dominate our teaching staff, comprising nearly 60%. Gloria Steinam where are you? Our teachers not only educate, but are educated. A Masters degree is held by 56% of the staff. Two teachers have earned their Doctorates. Many hours were spent working on these graduate hours.

Teachers are all too familiar with the mad dash to a college night class after teaching. Our teachers have spent a great deal of time as students, but even more time as educators. On the average, each staff member has been in the profession for 15 years. Most of those years have been right here at RFA. The average length of time here was 12 years. If you don't think that 12 years at RFA is a long jaunt, consider this: 35% of our staff returned to their alma mater, RFA. Most of our teachers are married (89%). Maybe you could tell by the distinguished looks that the average age of the faculty was 42. Believe it or not, teachers do have a life outside of school. Monday mornings are just as hard to face for a teacher as they are for a student. Every teacher looks forward to, "TGIF", Thank God it's Friday.

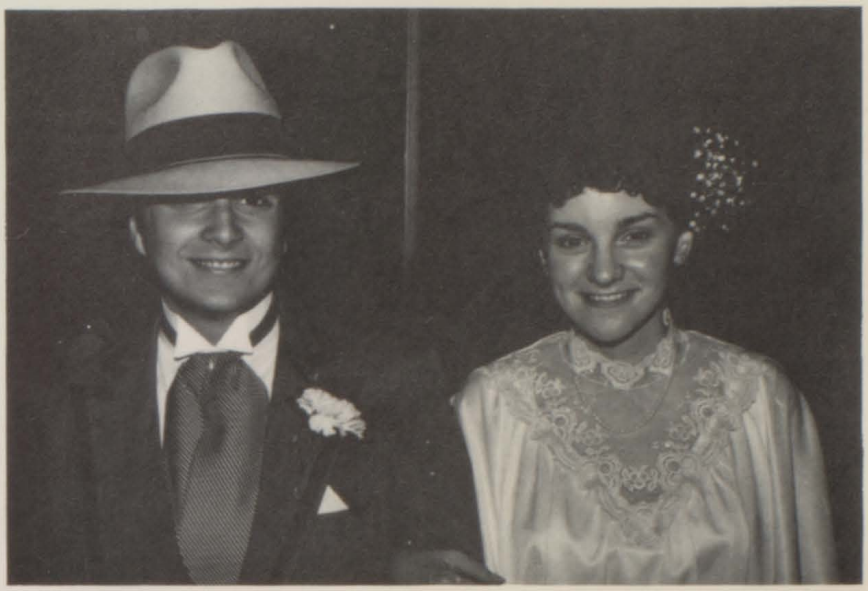
The Junior Prom was an event that will never be forgotten. On that special day in May, our thoughts were those of friendship ad and love while we busily prepared for the evening. There were so many things that had to be done before six pm. The car had to be washed, flowers and tuxes picked up, and hair styled. Miraculously, with the help of friends and family, everything pulled together at the last hour. After what seemed like hours of picture-taking, we arrived at the Beeches. The music was soft; the light low. It was a transition from jeans and t-shirts to lace and handsome attire. The band, Air Craft, played the theme song, "Lady" as the queen and her court danced. Kyle Mumpton danced with the queen, Kim Ciotti. Her court followed. Members of the court were: Maria Orbinati and Mark Gualteri, Jackie Orbinati escorted by Jeff Armdon, Barb Entelisano and Steve Jones and Beth Vittorello escorted by Scott Parsons.

Lace and Handsome Attire



The Evening Was Just Beginning

The Senior Ball was a tremendous success. More than two hundred couples attended this social event at Dibble's Inn. The evening began with a relaxing dinner hour that set the mood for a special evening. During the evening, couples walked through the romantic gardens or danced to the rocking music of, "Rollin Easy". The theme song, "Keep on Loving You", brought everyone to the dance floor.

It was an extra special evening for Brenda Hoehn and her escort Frank Mellace. Brenda was crowned queen. Her court included: Dawn Alessi escorted by Steve Nardozza, Tiffany Darr with Andy Steinkirchner, Mary Ann Salce escorted by Rick Parker and Patti Giannico with Ron Brement.

With the closing hour approaching, couples made plans for parties. At one a.m., the evening was just beginning.

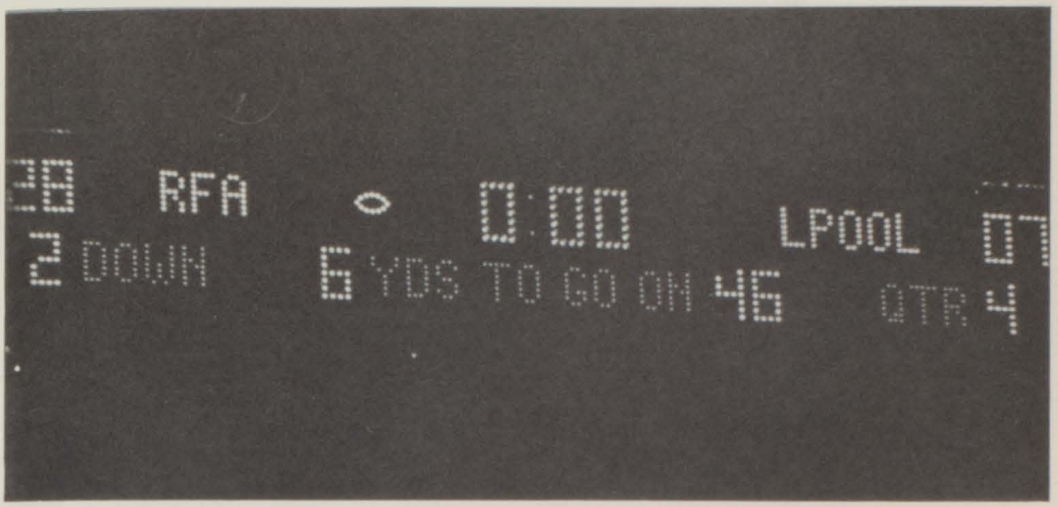
Rome to the Dome



On November 7th a dream became a reality. The Black Knights beat undefeated Henniger High School of Syracuse. Key catches by Pat Adolfi led the Knights to a 15-14 victory. It was our ticket to the Carrier Dome, Syracuse, NY.

On the 15th of November we were at the Dome. It was the most exciting game of the season. With screams and cheers of, "Rome-Dome", we scored in the first quarter and third quarter. The score was 14-0. The crowd was wild. Early in the forth quarter we added another six points to the score. It seemed too good to be true. Liverpool finally broke Rome's shutout making the score 20-7. We made one final touchdown with a two point conversion for the last play of the game. We were the Champions of the Class A title.

Scott Parsons was the offensive star of the game, rushing 182 yards. Quarterback Mark Blair, passed 97 yards. This victory brought us to a nearly perfect season with a record of 9-1.

SPORTS

"Participation in any sport is a value in itself. Players become friends, develop skills, and have fun together."

DAVID RIZZO

"Cross-country is a sport which requires a great deal of willpower, stamina, and endurance. Practices of speed work or distance running range anywhere from two to twelve miles. Cross-country is an excellent sport for people who like to run and want to keep fit!"

ELAINE RAMBO

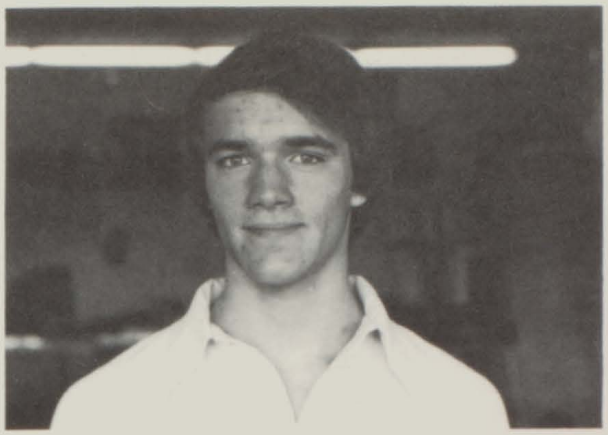
"Playing the football championship in the Carrier Dome in front of thousands of fans and winning was a great thrill of my high school years."

JEFFREY WILKERSON

"Lacrosse is a demanding physical sport. Lacrosse isn't a sport where you're told what to do after every play. You have to think for yourself and be able to react quickly and under pressure."

MIKE O'CONNER

QUOTES



"The RFA basketball program has given me a great deal of pride and self-confidence, but more importantly, a type of confidence that does not end when I leave the basketball court."

JOE SERINO

"Hockey is . . . wearing the black and orange, a nervous stomach before every game, team cooperation and spirit, cheering for friends, learning to win, learning to lose and finally, learning to grow up."

DAN ZANON

"The RFA Varsity Tennis team usually carries sixteen members, who compete for the top five singles and two doubles slots through a series of challenge matches. Team members who do not play in the starting positions gain experience by competing in exhibition matches. Although tennis is primarily an individual sport, a total team effort is an important part of a successful season. Through this combination of individual and team effort, RFA's tennis team has always been a top power in the Central Oneida League."

ANDREW OLNEY

"Football meant double-sessions at school by 9:00, home for lunch at 1:00, and back to school at 5:00!!"

My Song

In my song of life
I've come to a pause.
There are so many songs I hear
And I don't know which to follow.
I hear many different tunes;
Which is the right one for me?
I must listen carefully to
Find the one that is me.
If none of these will do,
I must compose my own
To guide me along the path of life
To be what I may be.

Denise Doucette

"One Great Bunch of Kids"

"It was beautiful. This is one great bunch of kids," boasted Mr. Valeri following the graduation ceremony. This years ceremony was a tremendous success. Mr. Valeri took carefully planned steps to make this 112th commencement the best ever. He appointed a Graduation Advisory Committee which involved students, teachers, and community members in the development of a policy for graduation. After months of hard work, a policy was drafted that allowed for many changes in the scheduled event.

For the first time, students sat among friends in small groups. They faced their family and friends. The band played the Alma Mater. Teachers and members of the Junior class participated in the ceremony. Some teachers even chose to sit with the Seniors in the stadium. "They should do it like this from now on", said Sylvia Corkey.

At the close of the ceremony, jubilant Seniors tossed their caps in the air and ran off to share the excitement with family and friends.

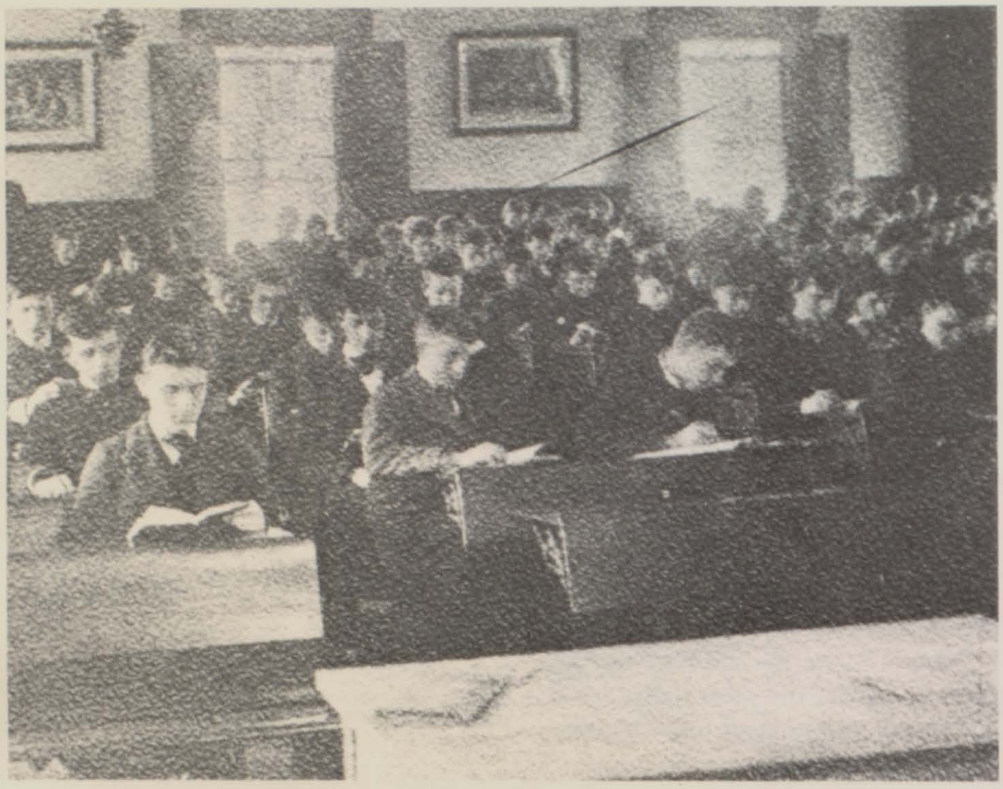
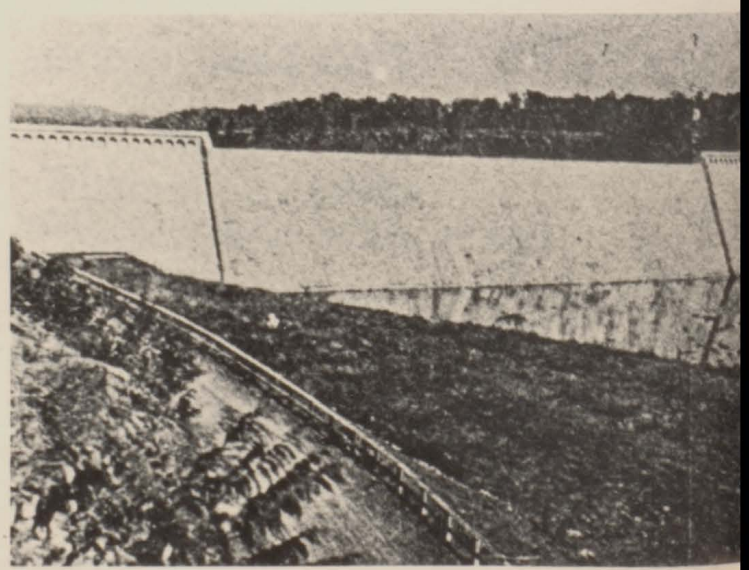
Did You Know?



Can you imagine our Commons like this? Of course we know that everyone studies during study hall, it's always neat and orderly, right? Well, just compare todays study hall with the study halls of the 1800's. What do you think?

Delta Dam was started in November 1908 and finished in January 1912. It is 85 feet thick at the base and 12 feet 11 inches at the top. The cost of the Delta Dam was $950,000.



The former Rome Board of Education Building that was found on East Garden Street, located behind Rome's new post office, was originally Rome Hospital. It was built in 1888.

On March 8, 1870 Rome became a city. Before this it was The Village of Rome.

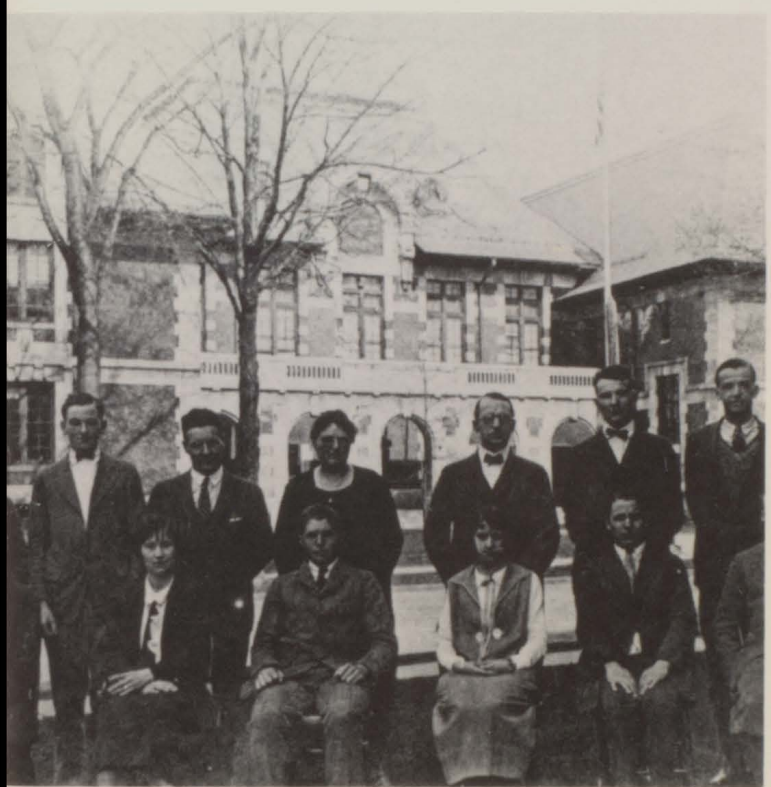
Theodore Roosevelt was at Stanwix Hall in 1900. He was campaigning for McKinley and himself vs. Bryan and Stevenson.

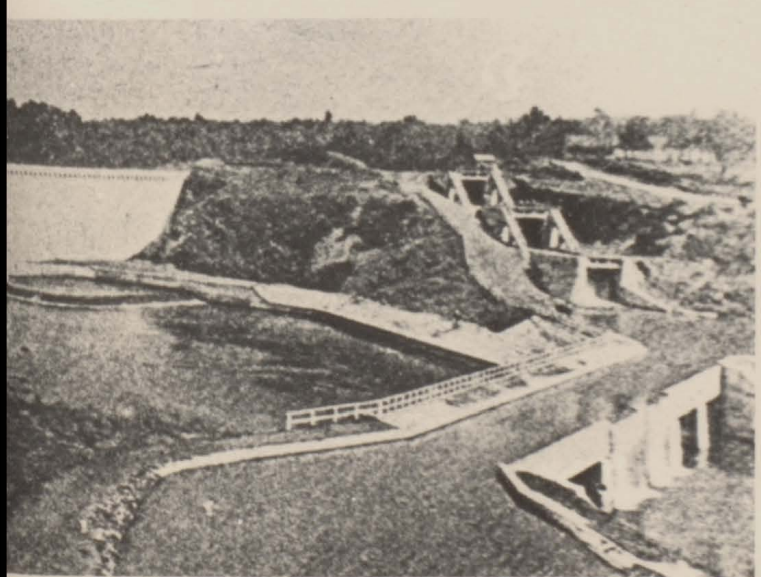
The first street railway in Rome was started on July 4, 1887. It was horse drawn and ran from 9 in the morning until 7 at night. Rome also had an electric trolley which ran from 1903 to 1932. The cost of the ride was 5 ¢.

Rome had 2 Opera Houses, both of which burnt down.

The Central New York School for the Deaf was built in the late 1870's. It was located on the same spot it is found on today.

"Near this point lay the road of THE ONEIDA CARRYING PLACE called DE-O-WAIN-STA by the Indians. It formed the connecting link between the waters of the north and the south and was from early time an important strategic point." This is from the DE-O-WAIN-STA plaque. It is now located on the Rome Sentinel grounds.





This is the original Rome Free Academy. It was located at 301 North James Street. The second R.F.A. was built on the same location in 1925. We are in the third building.

SENIOR DIRECTORY

WALKER, EDSON C. plans on being an Accountant. Ed, also known as Steady Eddie, has participated in Student Association and J.V. Bowling.

LEWIS, GREGORY enjoys skiing and is a member of the Ski Club. Ludis hopes to be involved in the music field and believes that "the new wave crave is in."

MOSCA, KATHY ANN wants to "do it up" in life by being rich and happy.

MC GARVEY, JOEL. Joel has been an active member of Honor Society. We're sure that he will do more than his share of helping others in his future occupation as a missionary.

BALDIGO, SHARON LEE, also known as Lee, is going to "go for it" and try to become an actress. Best wishes.
